About Veterans Next Mission

Veterans Next Mission (VNM) is a 501(c)(3) non-profit organization providing hands-on training for Veterans seeking job opportunities in the construction industry.

The four-year VNM training program utilizes construction and deconstruction work sites as well as classroom learning.

Thousands of new Veterans are entering Virginia's workforce each year and that number is projected to rise. The Virginia legislature, through the V3 Program, recognizes the need to support the military's transition efforts through community partnerships.

VNM founder and CEO, Bob Lockett, launched a successful construction company following his retirement from the Army. After selling his company in 2014, Lockett wanted to combine his passion for the building industry with his desire to help Veterans transitioning to civilian life and new careers.

The Northern Virginia area has a shortage of skilled building professionals; Lockett and his staff at VNM want to train Veterans for these critical positions. Veterans are looking for opportunities to grow and contribute in a meaningful way to their communities and the country. Hiring Veterans is not just the right thing to do, it's the smart thing to do!
